I apologise for any inconvenience caused and thank you once again for your understanding. Fingers crossed that the snow is over for this year!

Routes to Roots

Class 3 will also be involved in a project called 'Routes to Roots' with Mossley Civic Society and Green Monster Arts. The project has been funded by a grant from the Heritage Lottery Fund. The project aims to encourage children and adults to explore the industrial heritage of Mossley. Class 3 will be involved in exploring this industrial heritage and designing an interactive walking trail from Livingstone to the industrial Heritage Centre. The children will be helping to gather stories of Mossley Life over the years and creating illustrations for the trails and a new website. Class 3 have been on a walk around the local area today and will work in school with Green Monster Arts on 16th March and 21st March.
