

School Improvement Plan Overview 2023-25

QUALITY OF EDUCATION

Refine the curriculum in these subjects to be clearer about the key knowledge that they want pupils to know and remember.

Teachers should check on pupils' learning to inform what aspects of the curriculum need to be revisited more often so that pupils have a better recall of their learning in these subjects

Embed the work started on mathematics mastery through developing the understanding of mathematical vocabulary and language.

Develop the teaching of reading through high quality phonics sessions

Develop Reading for Pleasure across the school

Improve the teaching of writing

Ensure that all opportunities to develop the co-curriculum are taken

PERSONAL DEVELOPMENT

Ensure that all opportunities to develop the co-curriculum are taken

Continue to improve the support offered to pupils to support their mental health

To redesign Collective Worship

EYFS

Refine the curriculum in these subjects to be clearer about the key knowledge that they want pupils to know and remember.

Develop the teaching of reading through high quality phonics sessions

Improve children's school readiness on entry to Reception

LEADERSHIP AND MANAGEMENT

Ensure the Governing Body develops a succession plan for filling vacancies as they arise.

Implement changes to the digital safeguarding processes in the light of Keeping Children Safe in Education 2023

Subject leaders monitor teaching and learning and understand how it fits into the intent, implementation and impact of the curriculum.

BEHAVIOUR AND ATTITUDES

Improve attendance and reduce the PA %
